As an Admin, I want to define a new Expert in the system so that Inquirers can ask questions to the Expert.

To define an Expert:

Expert ID	Expert's Name
Expert's PayPal Info	Expert's email address
Other?	Expert's compensation currency
Expert's compensation rate per answer in USD	Expert's preferred language
Expert's area of expertise	Other?

As an Admin, I want to define a new Inquirer in the system so that Experts can be asked questions by an Inquirer.

To define an Inquirer:

Inquirer ID	Inquirer's Name
Inquirer's PayPal Info	Inquirer's email address
Other?	

As an Expert, I want to sign-up to Pregunta.Me so that I can receive questions from Inquirers.

Expert shall provide:

Expert's Name	Expert's email address
Expert's PayPal Info	Expert's compensation currency
Expert's compensation rate per answer in USD	Expert's preferred language
Expert's area of expertise	
	Other?

As an Expert, I want to be notified every time I get asked so that I know that I need to reply to a question from an Inquirer.

As an Expert, I want answer a question from an Inquirer so that I can get compensated for answering an Inquirer's question.

As an Inquirer, I want to sign-up to Pregunta.Me so that I can ask questions to an Expert so that I can get an answer.

As an Inquirer, I want to search Pregunta.Me for an Expert in a given area of expertise so that I can see an Expert's rating and Comp Rate so that I can decide whether or not I want to ask that Expert.

As an Inquirer, having selected an Expert, I want to ask a question to the Expert so that I can get an answer to my inquiry.

As an Inquirer, I want to be notified by the system when an Expert has answered one of my questions so that I can find out the response.

As an Inquirer, I want to see the history of all questions I have asked (by Expert) and how much I have spent for getting an answer to my questions so that I can see the total amount I've spent in asking questions.
